 Welcome New Clients

Thank-you & Merry Christmas

As another year draws to a close, I want to wish each and every one of you a wonderful festive season and thank-you for your support of our family business for another year.

Being in business can be tough but with your ongoing support, businesses like ours can survive (and hopefully thrive). I might sound like a broken record but make sure you support your local traders as you do your Christmas shopping this year. Even better, try and support local all year round, small businesses and families like ours truly appreciate it when you do.

From our team and family to yours we hope you have a wonderful Christmas and a happy and successful 2020.

MERRY CHRISTMAS!

CHEERS,

BLAIR & THE CARISS PRINTING TEAM.

In Fine Form This Christmas

In keeping with tradition, here is your Christmas card edition. You know how I feel about Christmas cards. You should send them. Especially if you're in business. But I have preached enough, many of you have listened and you'll be happy you did in the new year.

Each year I also like to show off what we can do production wise with our Christmas card. Over the years we've shown you embossing with foiling, SCODIX application and spot UV finish. This year check out our forme cut Christmas card. We think it has come up pretty nicely! What do you think?

Forme cutting is awesome to use all year round.

Capturing attention

In marketing the first thing you need to achieve a response is attention to your marketing from your target market. If nobody notices your marketing nobody is going to respond – even if everything else is perfect.

From what I've seen, uniquely shaped printed materials are more likely to be held on to, meaning clients can be carrying your offer, details for a competition, a new phone number, etc for much longer.

Using Forme Cutting In Your Business.

Forme Cutting is basically using a die or 'custom cookie cutter' to punch out a shape of your

choice from
your printing
stock. You can
either have a shape
completely cut out or have
it left intact on the sheet so you

can push it out (like our Christmas card this year).

Forme cuts can be customised to give you whatever shape you like. Some of our clients have made print materials in the shape of products eg: lego man invitations for a kids lego party business.

We also have some standard shapes available that any of our customers can use, like the curved corner business cards or the mobile phone forme cut.

You can call us on 1300 85 77 85 we can tell you about our full catalogue of the forme cutting dies we have on hand and help you to brainstorm how we can use them in your business. We can also have a die made in any shape your little heart desires.

LAST CALL FOR CHRISTMAS PRINTING

Christmas is just around the corner. As you know we will always turn things around pretty quick for you. BUT once we're closed for Christmas we're closed.

So just a heads up – presses will shut down from Friday 20th December. We'll be back into the full swing of things by the 14th January 2020.
